

## SIJNN 2009

An exciting new vineyard between the tiny hamlet of Malagas and Cape Infanta, at the mouth of the Breede River – called **Sijnn by the original Khoisan inhabitants**. Perched on a plateau of **slate** and **rolled stones**, about 15km from the southern oceans of Africa. At this stage there are no other vineyards within a 40 km radius, the closest being those inland around Swellendam and along the coast of Elim. The wines are made by the **De Trafford** team in Stellenbosch.

### VINEYARD

The complex stony soils, together with a warm dry climate (350mm) moderated by constant sea breezes provides an ideal terroir to produce something unique. A mix of varieties from various origins deemed suitable to this area. All vines are grown as bush vines due to the exceptional low yield and vigour. This is the third vintage from the 5 year old vines as well as some 4 year old vines. All vines planted on a mix of drought resistant rootstocks – Rug.140; R99; R110; Paulsen – and a mix of clones for complexity and diversity.

**Shiraz 46%; Mourvedre 29%; Touriga Nacional 13%; Trincadeira 6%; Cabernet Sauvignon 6%.**  
Yield: 3 tons/ha (20 hl/ha)

### VINTAGE CONDITIONS

Typical dry windy conditions meant tiny yields and moderate growth. Jan/Feb average max. 26°C, but very few days over 30°C. Usually the maximum temperature is reached before midday and it is a little cooler in the afternoon due to the strong sea breezes. Vines irrigated before growing season and again at veraison to assist the critical ripening process, otherwise the vines are left to fend for themselves and adapt to their environment.

### PRODUCTION

Handpicked and carefully sorted in **14 kg flat trays** in the cool mornings, to avoid damaging and transported back to Stellenbosch. Further sorting in Stellenbosch and 98% destemming and gentle crushing directly into small open top tanks and oak vats. Spontaneous natural yeast fermentation @ max. temp. 29°C. Time on the skins 6 – 9 days, with caps of the skins punched down (pigeage) 2 to 3 times a day. Single pressing in traditional basket press and malolactic fermentation in barrels. We used a mix of barrels in the first year of maturation and mostly 700l in the second year of maturation. This better respects the complexity of the fruit while softening the wine sufficiently. 20% new French oak used – all 700l. Time in barrel 21 months, which included 3 rackings to gradually clarify the wine and assist maturation. The wine was bottled by hand, unfinned and unfiltered.

Bottling date: 06/12/2010 Production: 1160 x 12 x 750ml

### TASTING NOTES

Attractive deep red colour. Slate, wild berries, herbs, liquorice and subtle barrel maturation character adding to the beguiling nose. Substantial palate with a rich texture and layered, complex flavours and an attractive dry finish. Already a wine worth savouring, we're convinced it will develop beautifully over the next three years or more.

### ANALYSIS

Alc 14.05% SG 1.4g/l TA 6.0g/l pH 3.69 VA 0.75g/l SO<sub>2</sub> Free 21mg/l & Total 65mg/l
